

BY FIRE AND WATER

Five Men Were Burned to Death,
Four Drowned and Possibly
Four Suffocated.

FLAMES IN A WATER CRIB, CLEVELAND

Eighteen Survivors, Who Were Drifting
on Floats in the Lake,
Picked Up by a Tug.

Several Persons Were Injured—One
of a Reeling Party Over-
come by the Gas and Died
in a Few Minutes.

Cleveland, O., Aug. 15.—Five men were burned to death, four were drowned, three, and possibly four, were suffocated, and several injured as the result of a fire which destroyed a temporary water works crib, two miles off the Cleveland harbor, early Wednesday.

Twenty-six obeyed the order of Manager G. C. Van Dusen, when the flames broke out and took refuge in the water, carrying pieces of wreckage. Four of them lost their hold upon their frail floats and sank beneath the waves just as help reached their comrades.

The crew of the tug J. R. Sprinkle heard the fire whistle blown from the crib and the tug raced to the scene from the harbor. She picked up 18 of the survivors, who were clinging to the west of the crib on their floats of boards and wreckage.

Van Dusen and three of his men were hanging in the water from a two-inch line suspended from the crib. Just as the line was burning away above the men's heads a yawl boat from the large tug came to the aid of two men, dashed into the veil of heat and smoke that enveloped the crib and rescued the four men on the rope at the risk of the boatmen's lives.

The Crib a Total Loss.

The men picked up in the water were brought to the city on the tug Sprinkle. They were badly burned, many of them were cut by falling timbers.

The crib is a total loss. It was a frame building, 30 by 100 feet, with sides sheathed with iron. It contained valuable machinery, the property of Shaler & Schenck, contractors. Their loss will be \$200,000.

Mayor Johnson expressed great indignation Wednesday when he learned that no boat or life preservers were provided as safety measures by the contractors at the crib. He declared that the case would receive the closest investigation, and that those found guilty of criminal negligence on the matter would be prosecuted to the full extent of the law.

A Rescuer Loses His Life.

Late Wednesday afternoon Plummer Jones, of Warren, O., an employee of the tunnel contractors and one of a party of rescuers who descended into the shaft to look for the missing men, was overcome by gas and expired within a few minutes. His body lies in the tunnel 75 feet from the bottom of the shaft and is covered with water. The life attached to the body became fouled and could not be pulled out. David Kelly, another member of the rescuing party, was overcome by gas and is in a precarious condition.

No further attempts at work on the crib fire will be made Wednesday night. Superintendent Kingsley, of the water works department, and Director of Public Works Salen will lead the crib in the morning. The big tug tug Folly is stationed at the crib and is pumping air through a line of hose into the tunnel. The work is entirely precautionary, it being the opinion of those informed that there are no more men in the tunnel.

HE TALKS TOO MUCH.

The German Papers Take Exceptions
to Count Von Waldersee's Public
Speeches.

Berlin, Aug. 15.—The papers begin to complain that Count Von Waldersee is talking too much. The National Zeitung says: "All the glory-crowned commanders of our great wars of 1866 and 1870 did not talk publicly so much about their wars as Count Von Waldersee has talked regarding the China campaign, which was insignificant from a military point of view."

The Muencher Allgemeine Zeitung, commenting upon Von Waldersee's speech at Hanover, points out the impropriety of a general talking in the supreme commander in public speeches, and says that this is against the traditions of the German army. The relations this paper sustains to the government give exceptional significance to the words.

Divorced From His Italian Wife.
Miami, Fla., Aug. 15.—Henry M. Flieger, the Standard Oil magnate, has obtained a divorce from his Italian wife. The suit was brought by Flieger was put aside by her multi-millionaire husband was disposed of in a jiffy.

Lord Kitchener's Return.
London, Aug. 15.—The Daily Mail, reviving speculation as to the fate of Lord Kitchener's return from South Africa and to his successor, says it understands that he will return to England about the middle of next month. He will be met by the government giving exceptional significance to the words.

VACATION ENDED.

Secretary Hay Returns to Washington
to Resume the Duties of
His Office.

Washington, Aug. 15.—Secretary Hay returned to Washington Wednesday from his summer home at Newbury, N. H., and was at the state department for the first time in some weeks. Soon after his arrival he was joined by Mr. Ade, who has been acting secretary of state, and the two were in conference for some time. It can be stated that the return of the secretary at this time is without special significance as bearing upon any of the pending international questions, such as the Colombia-Venezuela affair or the negotiations at Peking. The action taken by Acting Secretary Ade relative to the situation on the isthmus and in Venezuela having met fully the requirements of the situation up to this time, it is not expected Mr. Hay's return will bring about new moves south of the equator, unless required by developments.

CONTRACT LABOR LAW.

The Government Will Not Allow the
Steel Trust to Import Men to
Take Strikers' Places.

Washington, Aug. 15.—By order of Assistant Secretary Taylor, of the treasury department, an inspector of immigration has been sent to Bellair, O., to look after the report that proprietors of steel mills are arranging to import European labor to take the places of strikers.

Milton Snider, who has charge of the district, including Ohio, Indiana and West Virginia, was wired Tuesday night to look into the matter. It is at last, however, reported that the labor law is being violated the department will not hesitate to send the immigrants back. The law will be enforced against the violators.

SETTLED AT LAST.

The Catholic School Question in
Manitoba Has Been Amicably
Adjusted.

Winnipeg, Man., Aug. 15.—The Catholic question, which has agitated this province for years, has at last been settled. The public schools board has voted to take over the Catholic schools and hire all the teachers in them who can qualify stipulating that no religious test shall be made for the teachers. The agreement with the Catholic board has agreed that after the entrance of Catholic children into the schools they shall apply to the regulation bill. It is believed that the terms will be accepted by the schools where none are not engaged.

THE FLAGSHIP CHICAGO.

Southampton Authorities Refused to
Dock the Cruiser Unless She Dis-
charged Her Ammunition.

London, Aug. 15.—Rear Admiral Cromwell was in London Wednesday night trying to arrange to dock his flagship, the Chicago, at Southampton. The authorities there have refused to dock the cruiser unless she discharges all her ammunition, and the upshot will probably be that the Chicago will go to the harbor of Plymouth.

The fact that the United States cruiser Columbia docked at Southampton a few years ago for repairs and the dock and harbor authorities new regulations in order to avoid responsibilities. The Southampton dock is a private, and not a government, installation.

THE STRIKING MINERS.

The 1,100 Employed at the Wood-
ward Mine Go Back to Work
Temporarily.

Wilkes-Barre, Pa., Aug. 15.—The 1,100 strikers employed at the Woodward mine, of the Lackawanna Co., who went out two weeks ago because the officials of the company would not allow a committee of United Mine Workers to examine the working or union cards of the employees, returned to work Wednesday. The company to remain in abeyance until the convention of the United Mine Workers at Hazleton on August 27.

A Blank Set to the Steel Trust.
Columbus, O., Aug. 15.—Secretary of State Laylin sent the following note Wednesday to Charles M. Schwab, of the steel trust, at Pittsburgh: "Dear Sir:—Your attention is called to the requirements of the law of the state of Ohio upon corporations of other states doing business in Ohio, and you are requested to fill out and return to this office the accompanying blank." The blank contains questions on how the concern does its business in Ohio.

Col. Liscow's Will.

Elmhurst, N. Y., Aug. 15.—The will of Col. E. H. Liscow, who was killed in the battle of Tien-Tsin, China, was filed for probate Wednesday. Besides his widow, the following heirs are named: Mrs. Cornelia Richardson, Sandiego, Cal.; Celia H. Van Dusen, Stranville, Pa.; Misses Kate and Minerva Liscow, sisters, and Poin Lovely, Brooklyn.

Ambassador White Coming Home.
Washington, Aug. 15.—Ambassador White has been granted leave from his post at Berlin, and is expected to arrive in this country before long to attend to private affairs.

STEEL STRIKERS.

They Succeed in Closing Down
the National Tube Works
at McKeesport, Pa.

LARGEST PLANT OF THE CORPORATION

On the Other Hand the Employers Re-
opened the Big Painter Mill
at Pittsburgh.

The Crescent Plant of the American
Tie Plate Co. at Cleveland, O.,
Resumes Operations With
Non-Union Men.

Pittsburgh, Pa., Aug. 15.—There were victories on both sides of the great steel strike Wednesday, but they furnish no direct line on the ultimate result of the conflict. The strikers succeeded in finally forcing the National tube works at McKeesport, probably the largest individual plant in the United States steel corporation, to finally close down.

On the other hand the steel corporation reopened the big Painter mill in this city and also resumed operations with non-union men at the Crescent plant of the American Tie Plate Co. at Cleveland. Two mills were on at the Painter plant, although one of them broke down during the day. According to the statement of the officials half the mills in the Crescent plant were now shut down.

The strikers at both plants claimed to be increased, and the managers claim they will soon have them working in full. They make the claim that the steel corporation has succeeded in starting with non-union men, the others being Wellsville, Hyde Park, Lake's mill and Lindsay & McCutcheon's mill.

Wheeling Labor Demonstration.

There was a great labor demon-
stration at Wheeling Wednesday,
and President Shaffer made a stirring
appeal to his followers to fight on. In
an interview before he spoke he said
that if the western lodges did not
lead the final appeal of Assistant
Secretary M. F. Tighe and some others
they would be expelled from the
Amalgamated association and their
offers of financial assistance spurned.

There were few other developments of importance during the day. Locally, the strike seems to drag and interest to flag. Large numbers of men are on strike, but many are for recreation or to work, and there has been scarcely any excitement, much less disorder. McKeesport and Wheeling are stirred up periodically, but there has been no violence at either place.

The strikers are in control at McKeesport, Wheeling, Newcastle, Bellair, and Johnstown, and show some strength here. The manufacturers hold South Chicago, Bay View, Joliet, Youngstown, Columbus, the Kiski-ming, and the Johnstown. The men of the last-named property some doubt is expressed as to the lower union mill. Pittsburgh, however, some men left their places there, and the strikers boast that they will close it down.

THE DEWEES-WOOD PLANT.

Work of Dismantling It Has Been
Stopped—The Is a \$2,000,000
Mortgage on the Mills.

The workmen began to dismantle the plant at Carnegie. The machinery will be taken to London, where the mill will be located. Work on the Dewees-Wood property at McKeesport has been suspended. It is said there is a mortgage of \$2,000,000 on the plant, and that nothing toward dismantling them would be done until some arrangement is made as to the mortgage.

It was said that the annual encampment of the 2d brigade of the national guard of Pennsylvania was postponed, and that it is to be held at Somerset, near Pittsburgh, next week, a very significant. The encampment begins this week, and will last until the latter part of next week, and it is thought here that the plant will do something to do with its postponement. Within two days the state will be in a position to throw troops into Pittsburgh, and to throw troops into Newcastle within a few hours. The present situation, however, does not warrant the calling out of state troops. There was some disorder around the Painter and Lindsay & McCutcheon mills Wednesday night, and the police had to escort the non-union workers home. The strikers claim that the Painter mill can not be operated Thursday.

THE TUBE WORKERS.

Eight Hundred of Those Employed
By the Pennsylvania Tube Co.
Pittsburgh, Join a Union.

Pittsburgh, Pa., Aug. 15.—A lodge of 800 members was initiated Wednesday night into the American Federation of Labor. The new members are tube workers employed by the Pennsylvania Tube Co. at this city. The Amalgamated people claim that these men will strike at any time the word is given. The strikers also want 100 men from the United States Steel Corporation. The United Union mill of the Carnegie Co. were taken into the association Wednesday night, and that a strong foot has been secured for the association in the Homestead plant.

WEDNESDAY'S GAMES.

National League.

First Game.

SYRUP OF FIGS

NEVER IMITATED—QUALITY.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO., only. In order to get the beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

INDIANA EDITOR'S FISHING

He Wanted to Get Out of Reach Before Speaking.

TALKS OF HIS SUCCESS IN THIS CITY

OCCASIONALLY ONE MEETS A LIAR. Editor Johnson of Bedford, Ind., who recently was the guest of Colonel John Altmyer of this city, has been printing something of his fishing experiences in the Ohio.

He is a great admirer of the magnificent scenery which surrounds the old town on every hand, and much of his time while here was spent on the banks and bosom of the river.

The attached clipping was taken from a recent issue of his paper, The Daily Democrat, and since he has an extended acquaintance in both town and country, it will prove of interest.

The article was illustrated, and while the original cuts cannot be procured, a copy of one is presented.

Editor Johnson says—

When I left Bedford the other day it was so hot that butter melted in the ice box, flies were as thick as dust, and vegetation was parched. I didn't want to go away from town; give me credit for that. But when my wife began to talk of the green trees, cool country breezes, pure milk, fresh butter, purring brooks and skipping lambs that abound in old Kentucky, I agreed that the trip would be good for our health, and so it has.

I have made the acquaintance of an old fisherman by the name of Peter Pepper, who listens to me through pity.

PETER LISTENS THROUGH PITY.

When I try to tell him how we caught fish when a boy, Peter and I are fast friends and it would do you good to see the catches we take from his nets almost at each raising. That is, to be more exact, Peter handles the piscatorial business while I stand on shore and keep the children from making too much noise.

Had a nice shower the other evening and my friend suggested that the rain insured a good day's fishing on the morrow, so I arranged to go down in the afternoon and catch a week's supply. I tried to hire a horse and wagon to come to the river about sundown and load up the fish, but none were to be had.

The Ohio river is a beautiful sheet of water, with every appearance of good fishing and I could hardly control my impatience to begin the work of death against the finny tribe.

Finally I began. There seemed to be a great many fish around, but they had probably just come home from a festival and didn't feel hungry.

Fished for four hours and then stopped, so as to leave a few for the folks around here.

Came up to the house and sat down on the veranda after supper to enjoy the balmy twilight and a good cigar. Went to bed early and dreamed of the three big fish I allowed to get away.

The enrollment at the Deaf Mute Institute at Danville last year was 551.

The Investment Company has taken its place as a permanent institution, and the prejudices that obstructed its early growth are disappearing in the light of experience in its workings.

For many months the people of Mason county have been sending over \$1,000 a month to be invested in companies at Lexington and other places. Now that we have a Company at home whose plan is the latest and most approved and whose Managers are personally known to you as men of standing and integrity, why not put your investment with them? Patronize your home institution, and your city and country will develop.

There is still a lingering prejudice in the minds of many people against the investment business. This arises largely from lack of information as to the real principles upon which the Building Association was started in Mayaville. There was a great deal of opposition to it, but it lived down the prejudice and was the forerunner of the three prosperous institutions of that kind in Mayaville. The Building Association depends for its success entirely upon co-operation.

Life insurance was a rarity in Mayaville in the preceding generation, but now it is difficult to find a man entirely uninsured, who is healthy enough to stand a medical examination.

Our plan is open to the sick and feeble, to whom life insurance is barred, as well as to the healthy and strong. Don't let prejudice stand in your way because the business is unfamiliar to you, but investigate for yourself, and you like others will be convinced. Call at our office or write to the

SAFETY INVESTMENT COMPANY,
No. 27 West Second Street, Mayaville, Ky.

WE WANT

YOU TO SEE THEM!

Never before have we had so many nice things to show our customers as we have this season. Our Men's, Boys' and Children's

CLOTHING

Are the admiration of all who have seen them. They are from the very best manufacturers in this country and many of them made from fine imported goods. Every garment we sell is guaranteed, and if not satisfactory we ask our customers to return them. Our Men's Furnishing Goods and Hats, both fur and straw goods, are beyond doubt the nicest ever brought to this market. Our Soft Summer Shirts, White and Colored, also our line of Neckwear, are so beautiful that we want to show them to all; in truth, we like to look at them ourselves, they are so very pretty.
